Wall bracket, adjustable

Product description

- Adjustable from 275 to 375 mm.
- The individual wall brackets may only be anchored and mounted using the tension straps on reinforced and approved concrete base or on a supporting steel structure. (Order no. 43263 galvanized steel or 44263 stainless steel).

Product features

Warranty: 10 years
Weight: 1.3 kg

Hints and special features

The maximum distance between the individual wall brackets is 2.00 m. But each ladder section must be mounted with at least 4 wall brackets. A separate static calculation will be required.

Product variants

Order number	Material
43251	Galvanised steel
44251	Stainless steel
